

Turkey aims to vaccinate 70% of its population by August end

Turkey hosted 4.3 million international visitors in July 2021

Vaccination graph goes up with impressive numbers

Speeding up the COVID-19 vaccination drive across the country, the Republic of Turkey started the latest rounds and decided on vaccine brands and started vaccinating 500,000 citizens till end of August.

As of August 20th, Turkey vaccinated 29 million citizens in different stages. While 10 million people have received their first dose, 10 million people have received the second dose and 9 million people have concentrated their dose. The government of Turkey is carefully & efficiently accelerating the vaccination drive across the country. With the vaccine on the brink of receiving license, the Turkish government is aiming to fully vaccinate 70% of the population (80 to 90 million) by the end of August. The government also announced that all schools across Turkey would resume by the 1st of September, which is the beginning of educational year in the country.

The tourist inflow resumed in Turkey starting August 1st. In 2021, despite the pandemic, the country recorded 4.3 million tourists arrived from European Federation, 3.2 million from Germany and 1.1 million tourists arrived from Ukraine. Just in July 2021 4.5 million international visitors visited Turkey.

Despite the devastating global impact of COVID-19 pandemic, Turkey has had a strong grip on the COVID-19 situation with production & growth to grow for tourism and business supported with tourism. Due to this, the tourist inflow data in Turkey continues to be impressive. Turkey's "Safe Travels Certification Program" allows all visitors an extensive array of measures to be taken with regards to transportation and accommodation of all Turkish citizens and international tourists that still spend their holidays in Turkey.
