

Turkey to boost tourism promotion after 2022 travel rebound

By [Phil Davies](#) | February 01, 2023, 10:57

A rebound in tourism to Turkey has been confirmed to almost reach pre-pandemic levels.

Tourist arrivals exceeded 51.4 million in 2022, just shy of a record 51.8 million attracted to the country in 2019.

Tourism revenues rose by 19% over the 2019 total to hit \$46.3 billion.
